## AROUND THE TOWN

D. C. Corbitt of Edmonton arrived in town on Tuesday.

Harry Gabel of Calgary spent Sunday in town visiting his mother.

Mrs. J. Christner and her father, Mr. Beckner, are visiting friends in town.

Fred, Moyle arrived in town on Monday from the east. He will stay here for a few days on business.

Emmerson Morrison leaves for Banff on Monday. He will be located there for a few weeks on contract work.

Mr. F. Dick of Altona, Man., is here on a visit to his sister and brother, Mrs. C. Hiebert and Mr. P. P. Dick.

Geo. Sexsmith, Jr., of the Union Bank staff at Three Hills, is spending his vacation in town with his parents.

The baseball game between Didsbury and Crossfield, scheduled for Friday night last, did not come off, the Crossfield boys failing to come to town.

The old building formerly used as a meat and soap factory at the south end of Railway avenue, is being torn down. This is one of the old-time buildings and its disappearance from the end of the street will be quite an improvement.

The Cartwright Concert Co., which was to have appeared here last Friday night for the benefit of the band, failed to put in an appearance. They claimed that railway connections at Banff was the cause of their non-appearance.

The local creamery is now in full swing. They paid 25 cents for all butter fat against Calgary's 23 cents for first grade cream in June. They also give back the buttermilk, which is quite an item for feeding purposes.

The window of C. Hiebert & Co.'s store on Railway avenue contains quite a novelty in the shape of a railroad engine made entirely of different small tinware articles which are sold in the store. The window has been quite an attraction lately.

The Evangelical church services, which were dispensed with for the last two Sundays owing to camp meeting, will be resumed in the usual order, Sunday school at 2 p. m., preaching service immediately after and again in the evening at 7.30. The subject for the evening will be "Our Adversary and How to Meet Him."

There will be a morning service at the Baptist church on Sunday next at 11 o'clock, followed by Sunday School. The pastor will begin a series of subjects on "What We Believe." The usual service on Sunday evening at 7.30. Subject, "The Thinker's Motto." All are heartily invited.

Mrs. McNaughton, Mrs. Gertz, Miss Bell and the pastor were delegates from the Baptist church, Didsbury, to the Alberta Baptist convention at Calgary. This was the largest convention in the history of Alberta Baptists and those who attended had the pleasure of listening to the world renowned leader of the Free Church of England, Dr. Clifford, who gave several inspiring addresses.

The St. Clair Co., which is filling a week's engagement at the Opera House here, is being attended by fairly good houses each night. The specialties between acts are very good. Master St. Clair, the boy soprano, especially captivating the audiences. Tonight they give the well known play, "East Lynne," and no doubt, judging from their previous record, this play will be fully up to any seen in Didsbury.

## The Urgent Need

She (flattering with eyes and voice)—Arthur, dear, I find that we still need a few things to make our little household more serviceable.  
He—What one thing, perhaps?  
She—Well, for instance, we need a new hat for me—Harper's Bazaar.

## MY DAUGHTER WAS CURED

By Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"I send you here, with the picture of my fifteen year old daughter, Alice, who was restored to health by Lydia E. Pinkham's Vegetable Compound. She was pale, with dark circles under her eyes, weak and irritable. Two different doctors treated her and called it Green Sickness, but she grew worse all the time. Lydia E. Pinkham's Vegetable Compound was recommended, and after taking three bottles she regained her health, thanks to your medicine. I can recommend it for all female troubles."—Mrs. L. A. Conklyn, 101 Rutland Street, Baltimore, Md.

Hundreds of such letters from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for their children have been received by the Lydia E. Pinkham Medicine Company, Lynn, Mass.

**Young Girls, Heed This Advice.** Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take immediate action and be restored to health by Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by its use.

Write to Mrs. Pinkham, Lynn, Mass., for advice free.

## Apartment Life

"My grandfather used to sleep in a fourposter."  
"People used to live in those times. Now I sleep on an ironing board in an open tin in the diningroom on two chairs."

## Canada's Butter Trade

Canada's export trade in butter is not so great at the present time that her farmers can afford to imperil their dairy industry by a tariff scheme that would, in all probability, make the country's imports in this article greater than her exports. In the year ending 1910 Canada shipped only 4,615,360 pounds of butter, worth \$1,010,274. Canada's imports of butter on the other hand, amounted to 687,454 pounds, worth \$104,391.

The boy who says he would give his quarter to the heightened heathen than go to the ball game will wear watching.

Dysentery corrodes the intestines and speedily eats away the lining, bringing about dangerous conditions that may cause death. Dr. J. D. Kellogg's Dysentery Cordial clears the intestinal canal of the germs that cause the inflammation and by protecting the lining from further ravages restores them to a healthy condition. Those subject to dysentery should not wait until this simple yet powerful remedy.

"You ought to see the charming landscape the Johnsons have got over in Hyde Park," Mrs. Lapwing said. "It's only one story high, but the rooms are just as conveniently arranged as they can be, and there's the neatest, tastiest little vine running around three sides of it you ever saw."

## Minard's Liniment cures three in crows

My little girl, who is three years old, was visiting her grandparents in the country. Some one handed her a jelly glass with a rim around the edge when she asked for a drink of water. She looked at the glass rather disgustingly, and said, "Mother, I can't drink out of a glass with a ruffle around it."

## THE DOUKHOBORS.

Quaker Russian Sect Which Has Become Canadianized.

The Doukhobor women have been reclaimed from the plow. No longer do they sweat in the fields of Canada instead of homes. Even as their men are ceasing to be the wild wanderers and fanatical spirit-wrestlers they were when they appeared in the partitioned several years ago, so the new world's environments have drawn the women back from the brute level, to which they had been degraded, to the home, with its cooking, its spinning and its weaving—old-time tasks, it is true, but tasks adjusted to their strength.

The melting pot of this western world has recast even the Doukhobors. The colony boasts of a substantial schoolhouse. Doukhobor teachers were educated in the schools and returned to impart the knowledge to their fellow-colonists.

Ridiculed by Canada the Doukhobors pilgrimages in the dead of winter, through snow-covered roads to meet their "Christ," made them the laughing stock of the country. But those crudities are things of the past; they have become Canadianized in the true sense of the word.

There are two colonies of Doukhobors in Canada—Norton, containing 7,000 members, and Rothorn, with 1,500. The Doukhobors now use horses. Formerly they believed it was unscriptural to work these animals and the women instead acted as beasts of burden. Eighteen of them were generally needed to take the place of a team. The women now are engaged in the domestic arts and are magnificent embroiderers. The farmers are becoming prosperous and many of them have the latest farming machinery and the best of live stock. Their objections to the use of animals as servants of man have been overcome.

## Mr. Foy's Smoke.

It will be remembered that when R. J. Fleming came out last autumn with a new bunch of rules for the Street Railway Co. in Toronto, one of them prohibited smoking in the cars. Perhaps some of us might have objected more strenuously to this rule if it had not been for the busy money spent fighting the pay-as-you-enter system. When victory finally rested with the citizens, and looked about and found that no smoking was allowed any more, even on the rear platform in the trailers, or on the three rear seats of open cars.

It is said that the Attorney-General was waiting on the corner recently for a car, and as it did not show up for some time, he made the time pass pleasantly by lighting a cigar. It had barely started to curl its poisoning aroma when his car appeared on the horizon. The member for South Toronto looked longingly at the fragrant weed, and felt that he could not throw it away. He climbed upon the back platform with the cigar in his carefully so as not to attract attention. Occasionally the conductor had to depart to collect fares, and with all the care of a school boy eating candies during school hours, the Attorney-General long pulled at the case when the man with the little coffee pot was absent. Those who did not dare to break the rule stood by and inhaled the sweet breath of the Havana second-hand, or rather second-mouth.

They evidently thought he had the right to break the rule, for when he had alighted, one of the men asked the conductor, who had apparently failed in his duty.

"Was that R. J. Fleming?"  
"Oh, no," was the reply, "that was the Attorney-General, Mr. Foy."—Toronto Star.

## A Canadian Success.

The organization of a company to take over the Canadian end of the Sherwin-Williams Paint Co. calls attention to the fact that the president of this big concern is a Canadian, who has had a remarkable career. His name is Mr. Walter Cunningham, and many young men in Montreal remember when he started business for himself in a small way in Montreal in a little Notre Dame street. In a short time he went to the head office of the Sherwin-Williams Co. and soon became president of the largest paint manufacturing company in the world. He is regarded as one of the big business men of the continent, his organization abilities being looked upon as marvelous. He is also president of the new Canadian Sherwin-Williams Co., with him as manager being associated Mr. C. C. Ballantyne, of Montreal.

## Sarcastic.

Barber (testing razor)—Do I hurt you?

Baird—No; not so badly as the last man who had me in his chair.

Barber (highly gratified)—Who was that?

Baird—The dentist.

## Her Suspicion

She—Is my hat on straight?

Wise mothers who know the virtues of Mother Graves' Worm Exterminator all have it at hand, because it proves its value.

"My grocer's the maddest man you ever saw. The inspector of weights and measures gave him a call this morning."

"Hah! Caught him giving fourteen ounces for a pound, eh?"

"Worse than that! Found a mistake in his scales, and he'd been giving seventeen."

BABY'S OWN TABLETS  
CURE SUMMER COMPLAINT

Baby's Own Tablets should be kept in every home where there are babies or young children. At no time of the year is baby in such danger as in summer. At the first sign of illness the Tablets should be given to the little one, for summer complaints come on so quickly that unless prompt aid is at hand baby may be brought into a few hours. The Tablets never fail to relieve the sick child, and if occasionally given to the well child will keep him well.

Mrs. Desiré Martin, St. Denis, Quebec, writes: "I have a baby three months, who has suffered from colic and constipation. Caster Oil was of no help at all, but Baby's Own Tablets speedily cured him, and now I always keep them in the house." The Tablets are sold by medicine dealers or by mail at 25 cents will keep him well. Dr. Williams' Medicine Co., Brockville, Ont.

"Yass," drawled the Yankee, "I once knew a man, sir, who fell off a window sill in a flat, and was stopped high, and never hurt himself, beyond a few bruises."

"None!" exclaimed the Englishman.

"True!" asserted the other. "Up there he was, clean!" the window, and he fell right!

"Rosh!" said the Englishman.

"How could that be?"

"Wah!" drawled the Yankee, "You see, he just happened luckily to fall inside!"

## \$3,600 in Cash Prizes for Farmers

WHEN you enter the Canada Cement Prize Contest, you are given a copy of the contest. Consult him in reference to conditions of the contest. Refer all questions of doubt to him. He will give you the greatest experience and advice and his knowledge of our plan would seem helpful.

Don't hesitate in doing this. We have requested him to assist to the best of his ability any farmer in his locality competing in this contest. Whether it's a matter involving the application of cement, or how to go about winning one of the prizes offered in this contest. Do you realize that you have a good chance as the next man to win one of those prizes? There are four for each Province, as follows:

"1st"—\$3,600 to be given to the farmer in each Province who will use during the greatest number of bags of "EMERALD" Cement for the greatest number of bags of cement in 1911.

"2nd"—\$1,800 to be given to the farmer in each Province who will use during the greatest number of bags of cement in 1911.

"3rd"—\$900 to be given to the farmer in each Province who will use during the greatest number of bags of cement in 1911.

"4th"—\$450 to be given to the farmer in each Province who will use during the greatest number of bags of cement in 1911.

## Trade Mark Decision

British Columbia Supreme Court Promptly Ordered the Delinquents to Change Their Name or Quit Business.

Half a dozen local men in Vancouver recently sought to secure a provincial charter under the name of Semi-Ready, Limited, for the purpose of tailoring and selling high class garments. The Supreme Court of British Columbia was promptly appealed to by the Semi-ready Company, of Montreal, and this judgment was recorded.

"This court doth order and adjudge that the name of the defendant be changed so that the name 'Semi-ready' do not appear therein, and that until such change is effected by the Registrar of Joint Stock Companies the defendant be restrained from carrying on any business in the Province of British Columbia under the name of the 'Semi-ready, Limited,' similar to that carried on by the plaintiff."

The "Semi-ready" name covers articles of all kinds for men's wear, and for women's wear, and the registered rights are vested in the Semi-ready Company who tailor Semi-ready garments.

Alfred Wood, vice-president of the Semi-ready, Limited, and a director in other corporations in Montreal, said: "We got quick action. Most people do not. I am going to work hard for a Business Men's Court, where transgressions against the honor and integrity of the moral business code will be dealt with by trained business men, by men of stainless business reputation. Every profession has such a domestic court, and the industrial or business profession is the highest type of occupation in any civilized country. Such a court would be business-like and quick, would be sound in its views and certain in its direction. It would not be hampered by heavy rules of practice and procedure, nor delayed by any admiration for the traditions of the kindergarten age of commerce."

## Land Titles Act Notice

Proof having been made to my satisfaction of the accidental loss or destruction of Duplicate Certificate of Title "P 147" issued for that part of the South East quarter of Section Twenty-four (24) in Township Thirty-one (31), Range Two (2), west of the Fifth Meridian in the Province of Alberta, described as follows:

COMMENCING at the South East angle of the said Quarter Section, thence North along the East boundary thereof ten rods, thence West parallel with the said boundary thereof eight rods, thence South parallel with the said Eastern boundary thereof ten rods more or less to the said South boundary, thence East along the said boundary eight rods to the place of commencement, containing one-half of an acre, more or less, to John Booth, and dated the 31st day of October, A. D. 1906.

I GIVE NOTICE that I intend after the publication of this Notice in the Didsbury Pioneer, once a week for four consecutive weeks, to issue to the said John Booth, a new Duplicate Certificate of Title in lieu of the one so lost.

DATED this 13th day of July, 1911.

Foreign railroad men carry no such watch as the HOWARD. Official inspection of railroad watches exists in no other country. HOWARD Railroad Watches (see accompanying illustration) are officially certified and approved by the time inspection of one hundred and forty of the leading railroads of America. Better than that, their daily performance is finer, more accurate than the most exacting railroad requirements.

The balance-wheel of the HOWARD Watch is made of special hard-tempered steel—will not knock out of true with the jar and vibration of railroad service. Every HOWARD is made and adjusted as a fine watch. Cased and timed in its own case by the HOWARD watchmaker.

The price of the HOWARD is fixed—railroad models \$30 to \$140—and a printed price-list attached. We carry this distinctive watch and would like to show it to you.

## Sports Day at Westcott

Westcott sports are a thing of the past for 1911. The day was a fine one and the gathering was made up of visitors from far and near. Westcott people were well pleased to see so many visitors from Didsbury and hope all spent a pleasant day. Messrs. Wilson and Moir deserve credit for so ably catering to the wants of the many visitors. The racing program as well as the athletic events were keenly contested and the committee paid out a large sum in cash prizes. Although the races were good they did not create so much excitement as the tug of war. The contest between Westcott and Waterloo team was a little one-sided, Waterloo having their shoes spiked, the result being Waterloo won. But could you imagine anything more exciting than the pull between Didsbury and Westcott, heavyweights for the silver challenge cup. The teams were so well matched that for a good while the cheers were alike for Didsbury and Westcott, but after a long hard struggle the cheers at the Didsbury end ceased and there went up three big cheers for Westcott. The non appearance of the Didsbury baseball team created quite a vacancy, as everybody was looking for a good game. In the game with Waterloo the score was much in favor of Westcott. We hope all who were present enjoyed themselves and will honor us with their presence on our next sports day.

## Three Hills

Three Hills is looking up now to a boom. Everyone knows now that we will have a good town.

There will be one of not two elevators in Three Hills in time for this fall's wheat crop.

The new hotel that is under contract here will be a fine building of forty chambers and a fine basement with three stories above, making it one of the finest hotels on the G. T. P. between Tofield and Calgary.

We are sorry to hear that Mrs. Ferguson is down with diphtheria at her old home near Stettler. We hope that she will make a speedy recovery.

A fine new cottage is nearing completion for Mr. L. R. Ferguson of the hotel at Three Hills.

Mr. James Wallace returned from Calgary where he took in the fair.

Several of the Three Hills took in the fair at Calgary. Most of them speak well of the fair.

Crops are looking grand around the Three Hills valley. Barring hail and frost there will be a bumper crop this year, and most all wheat.

A large grading outfit is located at the town of Three Hills to finish the grade and side tracks. The grade is most all completed to the Knee Hill creek.

Freighters are busy hauling lumber and supplies to Three Hills now. Teams are what is wanted now but will end after this year.

The report is current that the editor of the defunct Three Hills Journal has taken himself to parts unknown and left his creditors to mourn their loss. Say, boys, don't tie your strings to every flim-flam that comes along with a fine talk of what he can do or will do. Now don't mourn as it is your own fault. Bear it with a good heart and don't turn an honest man down.

The townsite of Twinning is not on the boom but is in the gumbo.

Rains have been interfering with the steam plows around Three Hills. The land is very soft. All small ponds are full of water this year.

The coal mines are doing a good business this year. There is a large number of steam plows in the vicinity of Three Hills.

Stanley Dunbar returned from a trip east of the Red Deer last week.

Fred Reimer and Harry Binsman have gone east of the Red Deer in search of homesteads. We hope they may find what they want.

A fine boarding house is kept by Mrs. Reimer, formerly of Neapolis near the hotel that is building.

## A Great Success

The Adventist camp is a stirring place this week. There are forty-two family tents, three pavilions and one look tent. There are over 250 campers and many others coming in from all over the province. Besides the many campers a large number attend from the town and surrounding country.

In the look tent is a large display of bibles, religious tracts, pamphlets, etc. Beginning at 6 o'clock in the morning the entire day is taken up with meetings of various kinds among which is preaching at 2:30 and 8 p. m. Sunday, July 23, at 8:30, the subject will be "The Passover and the Lord's Supper." A table will be spread and the passover served as it was on the night when our Lord was betrayed. This lecture will be delivered by a converted Jew, Mr. Gilbert of Boston, Mass.

The public is cordially invited to attend all these meetings, especially the lecture by Mr. Gilbert on the passover.

kins, \$37.35, and D. S. Shantz & Co., \$69.01, were passed.

Mr. Maxwell, consulting engineer, was present and gave the Council some idea of the installation of the electric light system and made a proposition to undertake the engineering and oversee the installing of same.

On motion by Couns. Shantz and St. Clair, Mr. Maxwell was engaged to undertake the engineering and specifications for the electric plant.

It was decided that the nuisance ground should be staked out and the scavenger and policeman should burn or bury the carcasses now on the grounds.

The town bell was the next question on the agenda and it was decided that it should be placed on Railway street, opposite Alexandra hotel, the vote being, yeas, Couns. Shantz, Wrights, Coups, Oliver, Moyer, yeas, Couns. St. Clair and Morrison.

The sanitary committee reported several unsanitary places in town. The following is what that same body put into a sanitary condition:

The Council then adjourned.

The second meeting was attended by all the Council on Monday, July 17th.

On motion by Couns. St. Clair and Morrison the location of the town hall was reconsidered.

Couns. St. Clair and Morrison moved that the hall be placed on the town lots close to fire hall. Carried.

A committee composed of Mayor Atkins, Couns. Shantz, St. Clair and Morrison was appointed to investigate the purchase of location for electric light plant. Carried.

The Council then adjourned.

## \$3,600 in Cash Prizes for Farmers

WHEN you enter the Canada Cement Prize Contest, your dealer will assist you. Consult him in reference to conditions of the contest. Refer all questions of doubt to him to decide. Confer with him when his experience and advice and his knowledge of our plan would seem helpful.

Don't hesitate about doing this. We have requested him to assist to the best of his ability any farmer in his locality competing in this contest—whether it's a matter involving the application of cement, or how to go about winning one of the prizes offered in this contest. Do you realize that you have as good a chance as the next man to win one of those prizes? There are four for each Province, as follows:

PRIZE "A"—\$1000 to be given to the farmer in each Province who will use during 1911 the greatest number of bags of "CANADA" Cement. PRIZE "B"—\$1000 to be given to the farmer in each Province who in 1911 uses "CANADA" Cement on the farm for the greatest number of purposes. PRIZE "C"—\$1000 to be given to the farmer in each Province who furnishes a list with photograph

showing the best of any particular kind of work done on his farm during 1911 with "CANADA" Cement. PRIZE "D"—\$1000 to be given to the farmer in each Province who submits the best and most complete description of how any particular piece of work shown by accompanying photograph was done.

Contest will close on November 15th, 1911, and as soon as possible thereafter, prizes will be awarded.

Be sure and get a copy of our Contest Circular, telling all about the contest. Ask your dealer for one or use the attached coupon. If you find it more convenient.

In writing us, mention whether you have received your copy of "What the Farmer Can Do With Concrete," a practically illustrated 16-page book, which tells you how to build with concrete, so that you can do the most of the work yourself. It is a mighty handy and useful book, and should save you many a dollar. Farmers who have received it say it is splendid. Write to us right now and we will go back to you with Price Contest Folder, by return mail.

Please send to: color and book.
